

Austrian Journal of Statistics

Call for Papers: Special Issue on Compositional Data Analysis (CoDaWork 2019)

The [Austrian Journal of Statistics](#) is published quarterly by the [Austrian Statistical Society](#). Its general objective is to promote and extend the use of statistical methods in all kind of theoretical and applied disciplines. It is open-access without fees and indexed e.g. in Scopus and Web of Science.

In consistency with the aims and scope of the Austrian Journal of Statistics among the contributions to the CoDaWork 2019 up to 4–12 papers will be reviewed and published. Contributors of the CoDaWork 2019 are encouraged to prepare an extended paper and to submit it to www.ajs.or.at for the section “Special Issue on Compositional Data Analysis (CoDaWork 2019)” of the journal.

In addition to full length papers, we also encourage the submission of short articles. All submissions must contain original unpublished work not being considered for publication elsewhere.

We cordially invite you to submit your manuscript to this special issue. Please see the [Guidelines for Authors](#) located on the journal’s web page www.ajs.or.at for further details. Authors are strongly encouraged to produce their papers using L^AT_EX.

Important Dates:

- Initial submission: ~~October 31th, 2019~~. New deadline: November, 29th, 2019.
- Revision: February 15th, 2020
- Tentative Publication Date: 2020
